YERKES NAMED.

Kentucky Republicans Nomi-
nate a Gubernatorial
Candidate.

Adopted Platform Declaring Goe-
bel Election Law the Issue
And Adjourned.

Louisville, Ky., July 17.—The Republican State Convention to-day nominated for Governor Hon. John W. Yerkes, of Danville, adopted a platform declaring the issue of the election to be the Goebel election law and adjourned within three hours.

There were some anti-Goebel Democrats in the convention, but as to how many figures differ. In the Shelby county delegation there were according to a statement made from the platform, nineteen Democrats. A feature of the speeches was that they all paid tributes to what the Democratic party has done in the past, though they un- sparingly denounced the present Democratic State Administration and the Democratic Legislature, indicating a purpose to welcome into the Republican party all Dem- ocrats who are opposed to the Go- bel election law.

There was no nomination to be made by this convention except for Governor, as this year's election in Kentucky is an extraordinary one to fill the vacancy in the governor- ship made by the death of Wm. Goebel. The present Governor, Beckham, will hold this office only until his successor is elected and qualifies, unless he should himself be elected Governor.

Hon. John W. Yerkes, the nom- inee for Governor, is a lawyer and one of the most prominent Republi- cans in Kentucky. He is at present a collector of internal revenue, but before holding this place had not been an office holder. He was a strong candidate for the United States Senate when Senator Deboe was elected. Mr. Taylor announc- ed that he would not be a candi- date for re-election, and Mr. Yerkes announced himself as a candidate and no other name has since been mentioned for the place.

The convention was held in the Auditorium. The boxes were nearly all filled with ladies and in one were Mrs. W. S. Taylor, wife of the former Republican Governor, and four of her daughters.

ENGINE DERAILED.

Wreck Near Beaver Dam on The
Illinois Central.

Train No. 102, of the Illinois Central, left the rails near Hillsdale, forty miles from Nortonville at 1:30 o'clock Wednesday and the road officials are inclined to believe that it was the result of another attempt at train robbery. Luckily only the engine and mail coach left the track, and as the train was not running at a high rate of speed, no one was injured. A sardine can filled with rocks had been placed on the track, and when the engine struck it it ran into the ditch. John Devinney was at the throttle, and after ap- plying the air brakes, he jumped. The engine was badly damaged and carried with it the mail car, which fared even worse. The front end was knocked in and mail was thrown all over the ground. The car was pulled to Central City and side-tracked.

The only damage resulting to the passengers was a shake-up.

Mr. George Connell and Miss Mary Bell Barnett were united in marriage Monday night. The wed- ding took place at the home of Mr. P. H. McGinnis, on Thirteenth St.

DEMOCRATS

In Convention to Nominate a
Gubernatorial Candidate.

Beckham Leads And His Friends
Claim His Nomination As
Certain.

Lexington, Ky., July 19.—The Democratic State Convention met here to-day when the work of organ- ization was at once taken up. Beck- ham's friends are claiming that he will have enough instructed votes to nominate on the first ballot.

The opposition will endeavor to concentrate their strength upon another candidate, probably Mc- Creary or Chief Justice Hazelrigg.

Candidates Line up.

Lexington, Ky., July 18.—The op- position to Gov. Beckham to-night decided not to give up the fight, but to make a test on the election of a temporary chairman. To that end they have rallied around Mr. Frank Peake, of Shelby county, whom they will pit against Judge J. E. Robbins, of Graves county, the can- didate of Gov. Beckham.

A large delegation of State of- ficials and others came with Gov. Beckham from Frankfort, while the friends of McCreary, Black, Tarvin, Lewis, Smith, Garnett and Pryor are also here.

Judge Black has the most aggres- sive anti-Beckham delegations here for him. It is thought that Beck- ham will have less trouble with the contests before the Committee on Credentials and with both the tem- porary and the permanent organi- zation of the convention than he will have with the Committee on Re- solutions. The platform will be adopted before the nomination for Governor is made, and if the plank modification of the Goebel election law is not satisfactory there may be a movement on the floor of the convention to change it. If a minor- ity report on resolutions is adapted over the majority report that the Beckham men expect to submit, then the field of candidates against Beckham will make desperate fight. They admit that their hope lies in difference between the Beckham delegates on this plank in the plat- form and the demoralization of the Beckham forces that may follow the report on resolutions.

Gov. Beckham has headquarters at both the Phoenix and the Le- land Hotels. He spends most of his time at the Phoenix, where he has rooms 18 and 20, which have been crowded with his friends all day.

Judge Tarvin has rooms 70 and 71, with Mr. W. B. Burke, of Cov- ington, in charge. Buttons have been distributed freely by his man- agers, and he is feeling all right over the prospects.

Judge Black has taken personal charge of his headquarters in room 41 at the Phoenix, and has enter- tained numerous callers during the day and night. He says he will organize the convention, in which case he feels that his chances are good.

Mr. J. M. Richardson and Mr. Jack Lewis, son of Judge Lewis, are managing the headquarters for Judge Lewis. They also declared their candidate's chances to be good, although the headquarters, room 22, at the Phoenix, was closed early to-night.

W. B. Smith has also established headquarters, and is satisfied with his chances.

KENTUCKY CROP REPORT.

Condition July 11, 900.

General Conditions.

Under this head the State may be divided into two sections, the dividing line running due south from Louisville to the Tennessee line. West of this line the almost universal complaint is made of too much rain and a serious damage to wheat and other crops, while east of it with a few exceptions the past month has been seasonable.

The estimate of this department June 1st was for three fourths of an average wheat crop. There has been loss in the western section and gain in the eastern section, one very nearly offsetting the other. The estimate for twenty-two counties from Davies west was 80 per cent. of an average crop June 1st, which must be reduced to 6 per cent. July 1st. This is due to continued raining during the month. Corn and tobacco have suffered also and condition of both is lowered because of inability of farmers to cultivate the ground to keep down the weeds and grass.

In the eastern section, with few exceptions, conditions have been reversed and all reports show improvement in wheat except in a few places where it was injured by fly. The greater part of the Burley tobacco crop is grown in this part of the State and all reports indicate an increased acreage as well as a high average condition. The reports indicate generally healthy condition of live stock and little disease of a contagious nature. A herd of cattle in Hickman county is under suspicion of contagion and will receive the attention of the State Board of Health. The condition of the fruit crop varies according to neighborhood from which received. On the whole, though reports indicate rather poor prospect for apples, pears and peaches and about an average crop of grapes, with complaint of rot, which may yet reduce the yield.

As an example of the extreme of damage in the western section, we quote from a note sent by the correspondent in McCracken county: "The outlook for crops was never so gloomy in this county since I can remember. Older heads than mine say the same. Continued rains, amounting at times to floods, since the fifth of June, have reduced the outlook for a general all-round crop to the brightest I ever saw to the gloomiest. For four weeks there has been scarcely any plowing done and fully 50 per cent. of the corn and tobacco crops have never been worked at all, though the corn is large enough to 'lay by' and tobacco nearly large enough to top, with grass and weeds a close second. No one can give anything like an accurate estimate of conditions at the present time."

The following summary of the conditions as shown by the very full reports from the correspondents will not answer for any special county but reflects the condition in general. Reports from different places in the same county often differ widely.

Wheat.
The reports indicate 85 per cent. of an average crop. But for the improved condition in the eastern part of the State a lower figure would have resulted.

Corn.
Condition is given as 89, and acreage 100.

Oats.
Condition 91, and acreage about an average.

Hemp.
The condition is given at 87 as compared with average years.

Tobacco.
The favorable seasons enabled planters to set the crop early and in the Burley district it is doing well, which brings the condition up to 87 for the whole State, although much below that figure in the dark district. The acreage is 94.

Pastures And Meadows.
Pastures are given at 91 and meadows, 82.

Wool.
The clip of 1899 is 93 of an average, and the average price, 22 cents.

Fruit.
Apples promised a full crop earlier, but have fallen badly so that but little above a half crop is to be expected. The figures are apples, 60; peaches, 74; pears, 63, and grapes, 66.

I. B. NALL, Commissioner.

SHOT BY FRIENDS.

Wounded in Seymour's Column
Slain at Their Own Requests.

New York, July 15.—A dispatch from Tien Tsin, July 8, says: Ineffective attempts have been made to conceal the horrible fact that Admiral Seymour was compelled to shoot his own wounded during the recent disastrous retreat of the Pekin relief expedition.

All the wounded and prisoners who fell into the hands of the Chinese were frightfully tortured.

The bodies had been cut into pieces. First the eyes had been hacked out; then the cheeks, arms and legs cut off, until death ended the sufferings of the poor fellows.

When Admiral Seymour in his retreat found himself so hard pressed that he was unable longer to carry his wounded with him, he asked them: "Which do you prefer to be left to the mercies of the Chinese or to be shot by your own comrades?"

Admiral Seymour put the question the tears were running down his cheeks.

"We prefer death to torture. Shoot us now that we may die like men," was the piteous response of the helpless men.

A firing squad was told off and while the little allied force stopped and beat off with gun fire the Chinese horde that surrounded it, inside its lines an act of mercy was performed as the firing squad carried out its orders.

A few merciful volleys from the rifles in the hands of friends and the harassed expedition was relieved of the burden of wounded. The famous Chinese horde was cheated of victims for its torture and the sufferings and fears of the unfortunates were brought to an end in an honorable death under their own flag.

The British and American forces are brigaded together on the west side of the town; the Germans and Japanese on the south side; the French and Russians on the north and a force of Cossacks hold the east side.

Scouts report that Imperial Chinese troops have arrived from Pekin well equipped and with many guns.

Troops of native cavalry and hordes of boxers are coming from the east and south.

LOST HIS NOSE.

That Member Being Completely Severed From His Face.

Jardstown, Ky., July 16.—C. A. Wills, a representative of the Standard Oil Company here, was seriously injured yesterday while driving from here to Fairfield. While going down a steep grade on the turnpike, the horse, which was blind, in some manner ran over an embankment, upsetting the buggy and throwing Wills against a fence stake. A splinter from the stake struck him just beneath the nose, severing that member entirely from the face. Wills is now at the Bardstown Hotel in a serious condition. He is a resident of Glasgow.

The work of double tracking the Illinois Central between Fulton, Ky., and Cairo, Ill., a distance of forty miles, will be completed by October 1. Traffic is very heavy on this division and is constantly increasing, necessitating the use of two tracks.

The reduction of grades on the main line division from Cairo to Memphis, which was finished some time ago, has enabled the company to haul much heavier trains than formerly.

Howard Willing to Give Bond.

Corbin, Ky., July 17.—Berry Howard, who is charged with being an accessory to the assassination of Gov. William Goebel, has written to Hon. R. C. Ford, a prominent Democratic politician of Middleboro, stating that he would submit to arrest on condition that he be released upon his giving bond. Berry says he will never submit unless he is promised this, for he says he cannot stand the jail. He says he can give \$200,000 bond if necessary.

The Old Point Comfort Excursion.

The date set for this most delightful trip is Tuesday, August 14th, and all who desire an outing for the summer for the smallest possible expense should arrange to go on this personally conducted tour to the East. This excursion has been taken by so many in years gone by that it is almost useless to speak of the many attractions and inducements offered. MR. SLAYDEN RETIRES.

And Mr. Gant Will Continue The Business.

In this issue of the KENTUCKIAN appears a notice of dissolution of the firm of Gant & Slayden, Main street drygoods merchants.

Mr. W. C. Slayden, who retired from the firm, will re-enter the iron business and will be connected with one of the largest firms of the South.

Mr. Gant has purchased Mr. Slayden's interest in the store in this city and will continue the business at the same stand, where the old firm built up a large trade.

Mr. Gant is a thorough business man and it goes without saying that he will continue to enjoy a full share of public favors.

Mr. Slayden is also a most excellent gentleman and has made many friends during his stay here who will regret to see him leave.

He will remain in the city several days yet.

GREAT CROWD.

But "Holeman Can Take Care Of 'Em All."

There are now about 600 visitors at Dawson Springs and the crowd is being swelled by new arrivals each day.

Mr. Holeman, of the Arcadia House, desires it understood, however, that "Holeman can take care of 'em all."

THE HEALTH OF YOUNG WOMEN.

Two of Them Helped by Mrs. Pinkham—Read their Letters.

"DEAR MRS. PINKHAM—I am sixteen years old and am troubled with my monthly sickness. It is very irregular, occurring only once in two or three months, and also very painful. I also suffer with cramps and once in a while pain strikes me in the heart and I have dizzy headaches. If there is anything you can do for me I will gladly follow your advice."

—MISS MARY GOMES, Appleton, Cal., July 31, 1898.

"DEAR MRS. PINKHAM—I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."

—MISS MARY GOMES, Appleton, Cal., July 6, 1899.

Nervous and Dizzy

"DEAR MRS. PINKHAM—I wish to express my thanks to you for the use of Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."

—MISS MARY GOMES, Appleton, Cal., July 6, 1899.

Nervous and Dizzy

"DEAR MRS. PINKHAM—I wish to express my thanks to you for the use of Lydia E. Pinkham's Vegetable Compound. I suffered constantly from terrible sickness, had chills, was nervous and dizzy. I had tried different kinds of medicine but they all failed entirely. After taking three bottles of Vegetable Compound and three of Blood Purifier, I am all right. I cannot thank you enough for what your remedies have done for me."

—MISS MARY GOMES, Appleton, Cal., July 6, 1899.

Entertainment.

What you are looking for these hot days and nights in entertainment, something to make you forget its hot. You'll find it at the Lexington Fair August 13-18. Many free features. The Arcadia Villa has more sensational attractions than were ever congregated under one management. See small bills and posters. Reduced rates on all railroads.

Beauty is Blood Deep.

It is everybody's duty to be as beautiful as possible. A horror, and therefore an injustice to lady and friends is a sallow, muddy, pimply skin, when it is so easy to have a bright, clear, clean complexion. Ten cents will put you on the right road, if invested in a pretty little box of Cascades Candy Cathartic, sold at your druggists, as sweet and fragrant, that it is a pleasure to eat them. They remove all impurities from the blood like magic. It is a crime to be ugly when it costs so little to be beautiful. Go gentle reader, and cleanse your blood and keep it clean, and velvet skin and sweet perfume will reward you and your friends.

CAUSE NOT KNOWN.

Retired Apparently in Good Health and Found Dead.

Alice Quisenberry, col., was found dead in bed at her home on First street Tuesday morning. She retired Monday night apparently in the best of health. She was thirty-five years old. Corner Allensworth held an inquest, but the jury failed to find out what caused her death.

Cash Coupon Books.

E. B. Clark & Co. will place cash coupon books on sale in a short time for the convenience of housekeepers who don't have the change on hand to pay for goods on delivery. Books will be in \$5, \$10.00, \$20.00 and \$50.00, which will be sold. This does away with all excuses about not having change to buy and pay cash. Parties buying books of us and not wanting to use all of the coupons up, they will be redeemed in cash at any time. We know we can sell goods cheaper, carry a larger stock, give better service by doing a cash business. Our representative will call on all our customers before Aug. 1st, with coupon books. Thanking you to investigate this system we are, Respectfully, E. B. CLARK & CO.
